PROFILE

I managed a micro-business with an online tea shop and run online classes. I managed my own e-commerce website and recently completed a Frontend Developer Boot Camp.

EXPERIENCE

Tea Artisan / Company Director ~~ Teanamu Limited (UK) — 2009 till present

I am solely responsible for all aspects of this micro business from handling customer reservations for a tea room, preparation of food, management of inventory, social media marketing, online sales, web design and maintenance of an online shop and book-keeping.

Senior Data Manager ~~ DunnHumby (UK) — 2007-2009

I managed and ran the quarterly loyalty card campaign for Tesco for 11 million households in the UK using SAS.

Senior Data Analyst ~~ Carphone Warehouse (UK) — 2002-2006

I was the consultant for the implementation of Aptos financials across Europe and also maintained the single customer view data warehouse and started the first data mining initiative in the company.

Finance Manager ~~ Global Clickin (Dubai Internet City, U.A.E) — 2000-2001

I was responsible for the full finance functions of this small dot com.

Software Consultant ~~ Oracle Singapore — 1999 - 1999

I was responsible implementing Oracle Financials to several organisations in Singapore.

Accountant ~~ Port of Singapore Authority — 1996 - 1999

I was responsible for both management and financial accounting work and was also involved in the implementation of Oracle Financials.
